MD, MPH, FACP

Sarah McBride

State Representative
Melissa Minor-
Brown, MSN, RN

Tuesday, July 14th 6:30 PM via Zoom Virtual Panel Discussion on Racism and Equity

The Delaware Nurses Association condemns racism, discrimination and the deeply routed inequities within current systems across the U.S. and world. The DNA is committed to living our Nursing Code of Ethics by using our expertise, compassion, collective voice and partnerships to design, advocate for and enact changes that create better systems of care, free from racism and unconscious bias. We serve all Delawareans across the state in the pursuit of healthy individuals and communities.

**Six Leaders in
Nursing,
Healthcare and
Legislation**

**Discussion on
Racism,
Discrimination,
Equity and Bias**

**Let Us Elevate and
Keep the
Conversation Going**

**Special
Announcement
